

MD MAHIN SARKER

PHP Developer

About Me

I am a dedicated PHP Developer with hands-on experience in building secure, dynamic, and user-focused web applications using PHP, MySQL, HTML, CSS, and JavaScript. I specialize in developing user authentication systems, including registration, login, password hashing, and email-based password recovery using PHPMailer and SMTP.

I focus on writing clean, efficient, and secure backend logic while ensuring real-world usability. I have completed multiple PHP-based projects and continually improve my skills by working on practical applications and modern web development practices. thanks..
